

queen "bohemian rhapsody" 31/10/1975

autor: Freddy Mercury

albumilt "a night at the opera"

kestvus: 5min 55sek

It's one of those songs which has such a fantasy feel about it. I think people should just listen to it, think about it, and then make up their own minds as to what it says to them... "Bohemian Rhapsody" didn't just come out of thin air. I did a bit of research although it was tongue-in-cheek and mock opera. Why not?
